

COVID-19 UPDATE

The safety and health of your children, family, and our staff is always our highest priority and we are working in step with the latest CDC and state/local guidelines. This includes staff COVID-19 testing, daily health screening of staff & children, small class sizes, ongoing cleaning & disinfecting, nightly disinfectant fogging, and more. As our communities and economy begin to slowly re-open from this pandemic we are here for you to provide for the care and education of your child. Please contact us for additional information and to review our Covid-19 Health & Safety Policies and Procedures.
